3 Matters Arising -

- a) Dorset Councillor Link update - clerk spoke to Cllr David Taylor before the meeting who confirmed what we had heard about him being out of action for some time. He is undergoing further surgery to correct the operation on his broken bone which had gone wrong but hopes to be back working (possibly remotely) very soon at which point we should be able to contact him by email but in the meantime if we have any concerns we can ring him at home and he will endeavour to help.
The Town and Parish enquiry helpline has now been set up for councillors and clerks to help with issues with Dorset Council that have not been resolved via the website. The phone number and email address have been sent to councillors.
- b) Dog Show proposal - This has now been amended to a village BBQ, hopefully on Saturday August 7th. There will be sideshows, stalls and games for all the family. Notices or flyers will be circulated prior to the event. As Covid restrictions ease there will be more social events in the pipeline.
- c) Commemorative tree planting - still open pending more information.

4 Correspondence -

All correspondence has been sent round in browser form or forwarded electronically. Query Open Reach road closure.

5 Village Hall building work – The VH committee are not satisfied with the standard of the work done on the ramps at front entrance to hall and the surface is not non-slip. Contractor has been contacted. The plans for new toilets and extending the kitchen area needs re-thinking as a few problems were discovered.

6 Officers reports -

- Village Maintenance - Cllr N Howard reported that the safety fencing and brickwork repair on the village approach road have been completed and the edges of the central reservation grass on the A37 have been cut to allow visibility of oncoming traffic after he reported the danger to DC.
